

Environmental English with Natasha

Dear all , here is a WORD FORMATION test for **Ecobnb** readers similar to the WORD FORMATION exercises in [Cambridge English FIRST](#) B2 and [Cambridge English ADVANCED](#) C1 exams.

For these questions, read the extracts below . Use the words given in brackets to form a word that fits in the gap. There is an example at the beginning .

Write your answers in capital letters on the separate answer sheet or a word document.

Carbon(neutrality) product lifecycle

Our carbon neutral Product Certification is a ...0 meaningful.....(mean),
transparent way for you to provide environmentally-.....(responsibility),
carbon neutral(productions) to your customers. By
.....(determine) a product's carbon(footprinting) reducing it
where(possibility) and offsetting remaining(neutrally)
through our third-party validated carbon reduction(projections),
.....(accompaniments) can:

-(differentiation) their brand and product
- Increase sales and market(sharing)
- Improve customer(loyal)
-(strong) corporate social(responsible) & environmental goals

Most people can agree (agreement) on one thing: our forests and (.....wilderness) need help, and just being (.....capability) of contributing to that aim brings a sense of (.....achieved) and (.....addition) value to any activity.

With the growing focus on the need to offset carbon (.....emit) at all levels of (.....social), integrating trees in your business is a critical issue for businesses to address, not only to

(.....determined) the best positive stance towards their own (.....practical) but also (.....considerable), how they can positively (.....effect) their customers and (.....employment), through any of the initiatives and programs we offer.

We can help your company become more (.....sustainability), by allowing you to (.....integration), trees into your business. For reference, trees for corporate gifting, rewards and (.....loyal) programs, staff involvement, and events using our (.....advancing), digital services.

Growing a company forest in the present day can save your and the employees' personal and professional life from (.....emitting)

Transparent carbon offset

The wonderful thing is that we issue a personal passport to each tree! (Birth certification/ID card). You may (.....monitoring) each of your plant trees from the (.....momentous) it is sown in the soil with our state-of-the-art (.....equipping). You can have it (.....evaluate) and tracked for the following 10 (.....yearly), whilst monitoring its (.....influential) throughout the whole life cycle!

Analyse the product lifecycle

Perform a Life-Cycle(assessed) (LCA) or Product Carbon Footprint (PCF) to determine the carbon(footprinting) of your product(s) using our own protocol and leading product methodologies.

- Register and Certify your product as Carbon neutral
- Offset the product's carbon footprint quarterly, based on actual sales
-(renewal) your product registration(annual)

Biodiversity Credit

Biodiversity is ...critical.....(critic) for human(to survive) and

the long-lasting(viable) of businesses. Biodiversity and ecosystem systems are(crucifix) for human well-being, the maintenance and(to improve) of industrial systems, and the a.....(to add) of value to large and small(enterprising). Balanced(ecology) systems are(necessarily) for life and all organizations.

A Biodiversity Credit is a unique way to(measurement) the net positive consequences of your expenditure on 1 hectare of land that has been(safety), rehabilitated, or maintained through(sustainability) management in a(transparency) manner. It will(able) you to(investment) in projects that will(adding) value to the company while also(provision) actual advantages to a land area and its people.
